

## **PROGRAMME 2019-2021**

### **First Semester (September – December 2019) – Ghent University, Belgium**

- 37 (09/09/2019) Advanced Fibre Technology (N.N.)
- 38 (16/09) Polymer Technology (Dagmar D'hooge)
- 39 (23/09) Mechanics of Textile Materials (Rimvydas Milasius / Daiva Mikucioniene)
- 40 (30/09) Biomaterials (Noureddine Abidi – Peter Dubrueel)
- 41 (07/10) Instrumental Analysis (Chris Carr)
- 42 (14/10) Elective course
- 43-45 (21/10) Study and examination period
- 46 (Tue. 12/11) Computation Sciences and Engineering Principles for Textiles (Henry Yi Li – Benny Malengier)
- 47 (18/11) Computation Sciences and Engineering Principles for Textiles (Henry Yi Li – Benny Malengier)
- 48 (25/11) Advanced and Specialized Textile Processing – Dyeing and Finishing (Karen De Clerck)
- 49 (02/12) Composite Materials (Mikael Skrifvars)
- 50+51 (09/12) Study and examination period

### **Second Semester (February – June 2020) – Technical University of Liberec, Czech Republic**

- 6 (03/02/2020) Advanced and Specialized Textile Processing – Mechanical (Sigitas Stanys)
- 7 (10/02) Advanced and Specialized Textile Processing – Mechanical (Carmen Visconte)
- 8 (17/02) Advanced and Specialized Textile Processing – Mechanical (N.N.)
- 9 (24/02) Advanced and Specialized Textile Processing – Dyeing and Finishing (Jakub Wiener)
- 10 (02/03) Industrial Information Systems (Savvas Vassiliadis)
- 11+12 (09/03) Study and examination period
- 13 (23/03) Biotechnology (Vincent Nierstrasz)
- 14 (30/03) Elective course
- 15+16 (06/04) Easter Holidays
- 17 (20/04) Nanotechnology in the Textile Branch (Rajesh Mishra)
- 18 (27/04) Automation and Process Control (Zbigniew Stempien)
- 19 (04/05) Garment Technology (Dominique Adolphe)
- 20+21 (11/05) Study and examination period for the 2<sup>nd</sup> semester
- 22+23 (25/05) Study period and 2<sup>nd</sup> call examinations

### **Third Semester (September – December 2020) – ENSISA, Mulhouse, France**

- 37 (07/09/2020) Application of Technical Textiles (Izabella Krucinska / Jacek Rutkowski)
- 38 (14/09) Application of Technical Textiles (Ada Ferri)
- 39 (21/09) Technical Textile Manufacturing Technology (Cornelia Sennewald)
- 40 (28/09) Innovative Methods for the Product Development Process for Garments and Technical Applications in the Ready-Made Industry (Nazanin Ansari)
- 41 (05/10) Comfort of Textiles (Henry Yi Li – Benny Malengier)
- 42 (12/10) Elective course (Luis Almeida)
- 43-44 (19/10) Study and examination period
- 45 (02/11) Sustainability in Textiles (N.N.)
- 46 (09/11) Management, Logistics and Distribution (Rudrajeet Pal)
- 47 (16/11) Management, Logistics and Distribution (Jorgos Priniotakis)
- 48 (23/11) Intelligent Textiles (Lieva Van Langenhove)
- 49+50 (30/11) Study and examination period for 3<sup>rd</sup> semester
- 51 (14/12) 2<sup>nd</sup> call examinations for the 3<sup>rd</sup> semester.
